

Teens' Spirits On-Going Fundraisers

through

Conscious Film Series

By Joyful Alternatives serving Youth Internationally for 35 years

Come and Support Teens' Consciousness Development .

All major accomplishments and contributions have come from fresh view points through Youth
At this point of our Human Civilization some very deep changes are paramount for our possible Evolution
What is needed now, is an Enlightened Planetary Civilization birthed through Consciousness...

After the devastation we have imposed on the Earth, Air, Water and each others, time has come to truly
GROW UP from the inside out, as foretold by many Ancient Civilization, this time is a time of deep change

The end of Time as we have known it !

This can occur in two ways, the end of Life or the foretold possible Quantum Leap in
CONSCIOUSNESS which is Humanity's most profoundly & powerful tool.

What most of us think of as Impossible has been shown possible through Consciousness :
from Ancient Rituals such as Fire Walking to the emergence of Spontaneous Self-Healing
dissolving all medical limitations imposed on us through its fear based chemical and invasive approach.
Ancient Wisdom Traditions have known this all along; yet only recently has Scientific evidence of this ,
been shared openly with the public. **Research in Psychology, Psychiatry, Genetics, Cellular Biology, Brain
Studies, Physics , and especially Quantum Physics ,which has recently evolved to a bran new paradigm,
proving this Ancient Knowledge about Consciousness as the Ultimate Evolutionary Leap.**
Scientifically documented this knowledge has been used extensively since the early 1900's mainly by the
Military & our government, not to mention its abuse in Advertising, Multi-media Indoctrination etc...
For over 45 years these findings have been silenced in over 40 major Universities.

Freedom starts within !

This series is for anyone ready to switch their focus from de-habilitating daily multi-media input to the
self-empowering Ancient Wisdom & the scientific data on Human Potential through Consciousness.

Come enjoy the company of other seekers & discover for yourself
why this knowledge is essential to our Human Race & the Quality of Life on this Planet
Thankfully some of the Academia is now sharing this essential body of knowledge which can
re-empower US ALL from the Inside Out....This can create a Harmonious Human Society,
where the core values focus on Life Giving & Equality to All .
Fear based information, creates powerlessness, depression, addiction & enables control over others.

The Whole of Life benefits from Human willingness to develop ourselves into Conscious Humans
True Evolution must benefit the Whole, as we truly are One.
Never before has it been made so clear!
ALL LIFE IS IN SYMBIOTIC RELATIONSHIP

Taking advantage of anyone in anyway , slowly kill the Whole & its Spirit
As Marianne Williamson put it ;
“When anyone of us finds its wings, the whole of Humanity is elevated.”

Open your mind, allow yourself to explore and expand into new solutions to our global problems.
As Consciousness blossoms each of us into our fullest potential,
we CAN shift yesterday's paradigms into tomorrow's solutions .
The fact that Teenagers are excited about discovering their power to make a difference in their lives,
is in my mind, the Ultimate reason for us Mature Adults to support them
achieve their desire for personal & collective Evolution !
